CHURNGOLD

HIGH GRADE OLEOMARGARINE

There are grades of Oleomargarine, just as there are in goods of every kind. Judge the merits of Oleomargarine solely by CHURNGOLD, not by lower grades offered at catchy prices. Before our pure, sweet, palatable "Gold of the Churn" was placed upon the market several years ago, the vast majority constantly using CHURNGOLD today would not touch Oleomargarine at any price. But CHURNGOLD has made a myriad of converts and continues to make more every day, because it has purity, sweetness and integrity to support its claims as the finest quality of Oleomargarine that can be churned.
